Phonics 4 Babies: Baby's First Words (release date 9/4/07)

Uses playful puppets and original music to jump-start babies and toddlers on the path to early speech development. Designed to introduce children to their first 300 key words and phrases. This new series, starring Mallory Lewis, daughter of legendary "Lamb Chop" creator Shari Lewis, co-stars "Giggles" and a supporting cast of singing puppets developed and researched by prominent child development experts. This first release in this new series combines music, live action and animation in a colorful, fast-paced format focusing on basic aspects of phonics. DVD, 60 min. \$14.98. Age recommendation: 1-4. Starz Home Entertainment
